

A GUIDE TO RESIDENTIAL PARKING ZONES

TOWN OF MORRISTOWN, NJ

When non-residential parking activity begins to encroach into residential areas, the neighborhood can become overcrowded with cars and local residents may be forced to park excessive distances from their homes. This problem is not unique to Morristown and can be found in many towns where high parking activity centers such as train stations, hospitals, and bar / restaurant districts are adjacent to residential areas.

Like many other towns in New Jersey, the Town of Morristown has adopted parking regulations designed to limit the encroachment of non-residential cars into certain residential neighborhoods. There are five (5) basic parking restrictions, each designed to address the local parking patterns. They are:

- Red Zone** 2 Hour Parking – 8AM to 4PM – Monday through Friday
- Purple Zone** 2 Hour Parking – 9AM to 6PM – Monday through Friday
- Gray Zone** 2 Hour Parking – 8AM to 4PM – Monday through Friday; AND
Resident Sticker Required from 4PM to 8AM – Monday through Sunday
- Blue Zone** Resident Sticker Required at All Times
- Brown Zone** 2 Hour Parking – 9AM to 6PM – Monday through Friday; AND
Resident Sticker Required from 6PM to 9AM – Monday through Sunday

The following pages indicate a zone by zone listing of the Morristown streets where residential parking restrictions are in effect and a map showing the streets and limits of the various residential parking zones.

Town residents who live on residential streets where residential parking regulations apply may obtain Resident Stickers by calling the Town Clerk's office at 973-292-6636.
