

## Stay connected to the information that matters most to you... for free!

Stay instantly informed of trusted, neighborhood-level public safety and community information.

**Timothy Dougherty**  
Mayor of Morristown

*As the Mayor of Morristown, I am pleased to be able to offer the Nixle Community Alert Notification System to those who live, work and commute through our Town. This free service will be offered through the Bureau of Police and will provide subscribers with real time alerts, advisories, community information and traffic updates via email, text message or webpage. I would encourage all my neighbors to use this service to keep in touch with events happening in and around this great Town.*

**Simple • Trusted • No Cost**
