

SUSTAINABLE MORRISTOWN

PEOPLE • PLANET • PROSPERITY

Sustainable Morristown (SusMo) is a go-to resource for all things sustainable in our community.

We connect people, information, and action to create improved ways for all of us to

- 🌱 Go Green
- 🌱 Save money
- 🌱 Preserve resources for future generations

SusMo works closely with Sustainable Jersey (SJ), a nonprofit, nonpartisan, state-level organization widely acclaimed for its model approach to promoting sustainability.

SusMo works with a wide range of stakeholders to implement SJ actions, programs, and events on several levels:

- 🌱 Municipal
- 🌱 School
- 🌱 Business
- 🌱 Community at large
- 🌱 Faith community

**Volunteers are needed
for ongoing events year round.**

What is SusMo up to these days?

A major focus of our work through 2017 is to serve as the Green Team for Morristown as it strives to boost its Sustainable Jersey (SJ) certification from Bronze to Silver.

SJ's certification program provides municipalities with a large menu of sustainability action choices, and with the tools, training, and financial incentives to achieve them.

Together, we can earn Silver Certification!

SusMo works closely with Morristown to implement selected actions in 17 different SJ categories:

- Animals in the Community
- Arts and Creative Culture
- Community Partnership and Outreach
- Diversity and Equity
- Emergency Management and Resiliency
- Energy Efficiency
- Food
- Green Design
- Health and Wellness
- Innovation and Demonstration Projects
- Land Use and Transportation
- Local Economies
- Natural Resources
- Operations and Maintenance
- Public Information and Engagement
- Sustainability Planning
- Waste Management and Recycling

SusMo supports the **Morris School District** as it works to earn its certification through the **SJ for Schools** program.

We invite you to join our efforts!
