Sustained	A preponderance of the evidence shows that an employee violated agency rules, regulations, protocols, standard operating procedures, directives, or training;
Unfounded	A preponderance of the evidence shows that the alleged misconduct did not occur;
Exonerated	A preponderance of the evidence shows that the alleged conduct did occur, but did not violate: rules, regulations, standard operating procedures, directives, or training;
Not Sustained	Based upon the preponderance of evidence standard, there is insufficient evidence to decide whether the alleged misconduct occurred.
Administratively Closed	In some cases, the complaint or Investigation is closed prior to reaching a disposition. These should be counted as "Administratively Closed." Examples include situations when a complainant voluntarily requests that a complaint be withdrawn, the subject officer terminates his or her employment prior to disposition of the complaint or a policy failure is identified.
