Adult Swim

Adult Swim is called at the discretion of the pool manager at the top of the hour. Adult Swim is a fifteen minute period of time where the pools are open to adults only.

Why must all children exit the water? Adult Swim is as much about children’s safety as it is about adults having time to swim interrupted. This time out gives children a chance to re-apply sunscreen, re-hydrate and use the restroom. Adult Swim is implemented to reduce the number of “accidents” in the pools and to aide in the prevention of sunburn and recreational water illnesses.
